## Open Plan Living

We love an open plan living design that blends with a generous outdoor area. It is the ultimate for a Queensland summer lifestyle. This is a great design, with a butlers pantry, external locker room for storage, so no need for a garden shed or cluttering up the garage, even an extra storage room in the garage as well. The master suite is nestled in the center of the home, so away from the entertainment zone, and has been well thought out with oodles of storage and an impressive ensuite to complete the picture. So many great options in this design.
