## Focus on Outdoor Living

If you want a massive outdoor area, then this house is for you. The master and living area both open up to this area, perfect placement for a pool in your back yard. The open plan living also ensures you have a walk in pantry and a full size laundry. A generous master suite with a great ensuite and plenty of robe storage. The house has a really nice flow, and with a bedroom at the front of the house this would make a great design for a home office option as well.
